Software: Blender, DaVinci Resolve, Jira, Git

Management: Agile, Tech Direction, Project Management

EDUCATION

M.Sc. Cinema and Media Engineering

Politecnico di Torino | 2024 - 2026

Expected mark: 106/110.

B.Sc. Cinema and Media Engineering

Politecnico di Torino | 2021 - 2024

Final mark: 100/110.

PERSONAL PROJECTS

Awaken Asylum

Educational Interactive Project

Immersive VR experience developed in Unity exploring the history of psychiatric institutions in Piedmont

PROFESSIONAL PROFILE

Game & XR Developer and Multimedia Arts enthusiast, actively pursuing a Master's Degree in Cinema and Media Engineering. My goal is to bridge the gap between artistic vision and technical implementation. I specialize in VR/XR development, Computer Graphics, and Gameplay Programming, utilizing a strong foundation in rendering pipelines and procedural generation to elevate the visual and technical quality of interactive productions.

WORK EXPERIENCE

XR Master Thesis - R&D Graphics Programmer 03/2026 - Present

LEMONS IN THE ROOM Firenze, Italy

- Developing a 'context-aware' system for Mixed Reality that makes scanned real-world objects interactive and physically plausible.
- Implementing a real-time pipeline for Meta Quest 3 capable of converting Depth Maps into continuous geometry through Compute and Mesh Shaders.
- Performing GPU-based topological analysis fused with semantic data to generate procedural PBR materials.

Technical Artist & Gameplay Programmer 01/2025 - Present

LEVEL UP LAB Torino, Italy

- Contributing to the design and implementation of

through meticulous historical reconstruction.

Nihil

Metroidvania Prototype

2D video game revolving around a key transformation mechanic allowing players to change shape and unlock new abilities.

core gameplay systems in Unity for a student team at Politecnico di Torino.

- Managed the creation and integration of all 3D models for the "Line Operator" project, overseeing artistic vision and technical viability.
- Developing custom Shaders and Post-Processing effects to establish and enhance the game's unique visual identity.

Teaching Assistant (GUI)

10/2024 - 01/2025

POLITECNICO DI TORINO

Torino, Italy

- Provided technical support and mentoring to students during lectures and laboratory sessions for the Graphical User Interfaces course.
- Created high-quality instructional content to improve students' comprehension of UI/UX principles.

Video Artist

09/2023 - 06/2024

RKH SRL

Torino, Italy

- Operated professional cameras (RED, Blackmagic 4K/6K, Panasonic S1) and assisted the DOP with complex lighting setups.
- Handled editing and post-production workflows using DaVinci Resolve for music videos, podcasts, and corporate content.
